

Stay OK in the community

Create a poster – feeling unsafe

Create a poster that shows children what to do if someone is making them feel unsafe.

Tips on where to start:

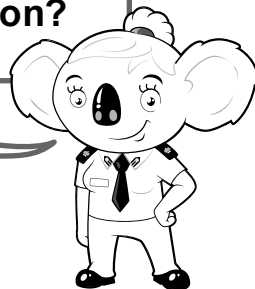

- Have a look at the video about community safety on our website constablekenny.org.au
- Research what to do if you feel unsafe. Start with our website for some great information.

Think of the message that you want to pass on to other students. What do you want other students to be aware of?

Have you thought about how you might decorate your poster? How will you catch people's attention?

Why not send a photo of your poster through to our team at ACT Policing? We would love to see your creations. Get your teacher's permission and email the photo to ConstableKenny@afp.gov.au
